We will only use this information to help us put together the map.

We hope to publish useful comments to help others, so if you are concerned about your privacy then please use a "pen name" that only you will know.

**MAPPING
ACCY
TOWN CENTRE**

*Putting YOU
on the map!*

We are creating a very different kind of map of Accrington Town Centre!

We are artists, film makers and designers looking at how people use the Town Centre.

We would like to know why people come here, the routes they take to walk around the centre and what they like to see and do.

We want to find out if the town centre layout influences the way people shop, eat, meet and the facilities they use.

The result will be a new 'map' of the shopping area with people's thoughts, ideas, images, memories and stories to help other people appreciate the benefits at the heart of Accrington.
